Re: RAMP: Final 2006 Technical Report

Dear RAMP Members:

Please find enclosed the final version of the 2006 Technical Report for the Regional Aquatics Monitoring Program (RAMP).

As in the past, we have included a printed copy of the main body of the technical report as well as a CD containing the report and associated appendices. The electronic version has been formatted to allow easy printing or electronic review of individual report chapters.

Thank you for your contribution and interest in the RAMP and the 2006 Technical Report. If you have any comments regarding the report, please feel free to contact me at your convenience.

Sincerely,

A handwritten signature in black ink, appearing to read "Wade Gibbons", with a long horizontal line extending to the right.
