Ref. No.: RAMP 1393

Members of the Regional Aquatics Monitoring Program (RAMP)

**Re: RAMP: Final 2008 Technical Report**

---

Dear RAMP Members:

Please find enclosed the final version of the 2008 Technical Report for the Regional Aquatics Monitoring Program (RAMP).

As in the past, we have included a printed copy of the main body of the technical report as well as a CD containing the report and associated appendices. The electronic version has been formatted to allow for easy printing or electronic review of individual report chapters. In addition, the complete technical report can be downloaded from RAMP's public website ([www.ramp-alberta.org](http://www.ramp-alberta.org)) or from the member's website ([members.ramp-alberta.org](http://members.ramp-alberta.org)).

Thank you for your contribution and interest in the RAMP and the 2008 Technical Report. If you have any comments regarding the report, please feel free to contact me at your convenience.

Sincerely,

A handwritten signature in black ink, appearing to read 'Wade Gibbons', with a long horizontal flourish extending to the right.

Dr. Wade N. Gibbons, R.P.Bio.  
Senior Environmental Scientist and Partner  
**HATFIELD CONSULTANTS**
